## GH-95 Premium Paste For The Kitchen & Bath

**Product Numbers:** 209614, 209621

**Base:** Synthetic Polymer

**General Properties:** Premium Paste for the Kitchen & Bath is designed specifically for hanging pre-pasted and unpasted wallpaper in the kitchen and bath. It is a ready-to-use adhesive guaranteed to perform in high humidity or mildew prone areas. It solves the most frequent problems in kitchens and baths-curling edges, lifting seams and mildew.

- For use with unpasted and pre-pasted wallpaper
- Maximum mildew protection
- Prevents curling and lifting seams
- Low VOC, LEED and VOC regulation compliant

**Recommended Uses:** For hanging pre-pasted and unpasted wallpaper in the kitchen or bath.

**Not Recommended For:** Hanging over existing wallpaper.

**Substrates:** Apply over BITE® White Primer.

**Non-Compatible Coatings:** Teflon or Tedlar Type Surfaces

## APPLICATION INSTRUCTIONS

**Surface Preparation:** Surface must be free from grease, mildew and other residues. Surface should be dry, smooth and structurally sound. Check surface for paint bonding, damaged wallboard or plaster. Repair all unsound surfaces. Remove existing wallpaper: Score paper with PIRANHA™ Wallpaper Scoring Tool and apply PIRANHA™ Wallpaper Removers. Before proceeding with any unusual conditions, consult your adhesive or wallcovering supplier. To guarantee the success of Kitchen & Bath, the surface must be primed with Golden Harvest® BITE® White primer.

**Tinting:** N/A

**Dilution:** Do not dilute.

**Application Method:** Use only when the room temperature is above 50°F. It is highly recommended to work with one sheet at a time. Apply an even coat with a roller or brush. Avoid contact with the surface of embossed or delicate wallpaper. Book according to wallcovering manufacturer's instructions.

**Drying Time:** Drying time will vary depending on the temperature and humidity of the room. Adhesive takes one week to cure before it attains its properties.

**Clean-Up:** Before the paste dries, remove excess with warm, clean water. Additional effort may be required if the paste is allowed to contact the surface of embossed or textured vinyls. The paste is more difficult to clean up when dry.

## SPECIFICATION DATA

<b>Percent Solids:</b>	Approximately 18%
<b>Coverage:</b>	Approximately 250 square feet per gallon
<b>Viscosity:</b>	Approximately 25,000 cps
<b>Drying Time:</b>	Drying time will vary depending on the temperature and humidity of the room.
<b>Storage:</b>	Avoid freezing; keep in cool, dry place.

## LIMITED WARRANTY

Golden Harvest warrants that it will replace this product free of charge if within 24 months of manufacture it is found defective in material or workmanship. This warranty is in lieu of any other. The exclusive remedy is limited to the replacement of the product and Golden Harvest disclaims all liability for consequential damages. Conditions of use are beyond our control.
